Barbering

1. COMPENSATION/JOB DEMAND

According to the Job Demand Survey published by the National Accrediting Commission of Cosmetology Arts and Sciences in January 2018, there were 1,604,502 professionals employed in the nation's 312,959 beauty salons, barbershops, skin care salons, and nail salons. There has been notable growth in the industry since 1999 as follow:

- The total number of salon professionals is up 24%,
- The total number of salons is up by 5.6%,
- The number of chairs or workstation is up by 9%,
- The number of employees leaving their position is down 12%, and
- The number of new hires is up 37% since 1999.

The salon industry is a job-seeker market with the supply of licensed professionals appearing not to be keeping up with the demand. Approximately three out of every four-salon owners who looked for new employees in 2018 reported difficulty in finding qualified personnel. Other key findings include:

59% of salon owners classified their salon as a full-service salon, 18% as a haircutting salon, 4% as a nail salon, and 5% as a barber shop.

57% of salon employees work full time, 33% are part-time (20-35 hours weekly), and 10% are low time (less than 20 hours weekly).

The average salon income including tips is about \$30,000 to \$50,000 per year.

According to the United States Department of Labor Occupational Outlook Handbook 2020-2021 Edition overall employment in the cosmetology field is expected to grow as fast as the average for all occupations through 2018. The highest 10% of salaried hairdressers, stylists, barbers and cosmetologists, including tips and commission earned more than \$35,240 to start.

2. PHYSICAL AND SAFETY DEMANDS

Barbers remain upright mostly throughout the day. They walk or stand while performing most operations. The upper body is utilized 100%. Individuals who have problems with their neck, back, arms, hands, wrists, or fingers need to consider their physical handicap(s) before they decide on a career in this field.

3. SAFETY DEMANDS:

Almost all hair care and beauty professionals on the job encounter health and safety hazards. Students will be exposed to chemicals, hazardous or not, which are found in shampoos and conditioners, hair coloring, hair bleaches, chemical hair relaxers, permanent wave solutions, and nails products. Certain tools such as thermal irons, hair dryers, manicure instruments, razors, and scissors may cause skin cut, skin burn, and/or electric shock, if proper precautions are not taken into consideration.

4. OTHER DEMANDS

Communication skills are of utmost importance, and you must have excellent listening skills as well. Students can develop ability in applying their experiences for a successful career. In this business, your job performance will be positively and negatively criticized. You must learn to accept this and always take it in a positive way.

5. LICENSING REQUIREMENTS

The total fee for the State Board application is \$125.00. This application requires students to disclose any prior convictions of a criminal offense, felony, or misdemeanor other than a minor traffic violation.

Upon completion of the program, students will take the state board licensing examination, which consists of a two-hour written test for their Barber license. The examination takes place in Fairfield, a city located in the Bay Area, or in Glendale, in the Southern Part of the State of California; A Barber license will be granted by the State of California only after a student has successfully completed and graduated from Barbering as described above and passed the Barbering State Board Exam with an overall average of 70% or better. If the applicant passes both the written and practical examinations, the applicant will receive his/her license the day of the examination. If one should fail one or both of the examinations (written or practical), he/she is allowed to re-apply. The fee is \$75.00 for the written examination. It will take approximately six to eight weeks to receive the second examination date.

COSMETOLOGY

1. COMPENSATION/JOB DEMAND

According to the Job Demand Survey published by the National Accrediting Commission of Cosmetology Arts and Sciences in January 2018, there were 1,604,502 professionals employed in the nation's 312,959 beauty salons, barbershops, skin care salons, and nail salons. There has been notable growth in the industry since 2018 as follow:

- The total number of salon professionals is up 24%,
- The total number of salons is up by 5.6%,
- The number of chairs or workstation is up by 9%,
- The number of employees leaving their position is down 12%, and
- The number of new hires is up 37% since 2017.

The salon industry is a job-seeker market with the supply of licensed professionals appearing not to be keeping up with the demand. Approximately three out of every four-salon owners who looked for new employees in 2020 reported difficulty in finding qualified personnel. Other key findings include:

59% of salon owners classified their salon as a full-service salon, 18% as a haircutting salon, 4% as a nail salon, and 5% as a barber shop.

57% of salon employees work full time, 33% are part-time (20-35 hours weekly), and 10% are low time (less than 20 hours weekly).

The average salon income including tips is about \$30,000 to \$50,000 per year.

According to the United States Department of Labor Occupational Outlook Handbook 2020-2021 Edition overall employment in the cosmetology field is expected to grow as fast as the average for all occupations through 2018. The highest 10% of salaried hairdressers, stylists, and cosmetologists, including tips and commission earned more than \$35,240 to start.

2. PHYSICAL AND SAFETY DEMANDS

Barbers remain upright mostly throughout the day. They walk or stand while performing most operations. The upper body is utilized 100%. Individuals who have problems with their neck, back, arms, hands, wrists, or fingers need to consider their physical handicap(s) before they decide on a career in this field.

3. SAFETY DEMANDS:

Almost all hair care and beauty professionals on the job encounter health and safety hazards. Students will be exposed to chemicals, hazardous or not, which are found in shampoos and conditioners, hair colorings, hair bleaches, chemical hair relaxers, permanent wave solutions, and nails products. Certain tools such as thermal irons, hair dryers, manicure instruments, razors, and scissors may cause skin cut, skin burn, and/or electric shock, if proper precautions are not taken into consideration.

4. OTHER DEMANDS

Communication skills are of utmost importance, and you must have excellent listening skills as well. Students can develop ability in applying their experiences for a successful career. In this business, your job performance will be positively and negatively criticized. You must learn to accept this and always take it in a positive way.

5. LICENSING REQUIREMENTS

Students can apply at the State Board of Barbering and Cosmetology for examination at 1000 hours. The total fee for the State Board pre-application is \$125.00. This application requires students to disclose any prior convictions of a criminal offense, felony, or misdemeanor other than a minor traffic violation.

Upon completion of the program, students will take the state board licensing examination, which consists of a two-hour written test. The examination takes place in the Southern Part of the State of California; A Cosmetology license will be granted by the State of California only after a student has successfully completed and graduated from Cosmetology as described above and passed the Cosmetology State Board Exam with an overall average of 70% or better. If the applicant passes both the written and practical examinations, the applicant will receive his/her license the day of the examination. If one should fail one or both of the examinations (written or practical), he/she is allowed to re-apply. The fee is \$75.00 for either the written or the practical examination or both. It will take approximately six to eight weeks to receive the second examination date.

Web site Address: www.bppe.ca.gov or www.osar.bppe.ca.gov

1 LEAVE OF ABSENCE POLICY

Students are allowed to take leaves of absence but the total of all leaves of absence may not exceed 180 days in any 12-month period. No additional tuition charges are incurred during any leave of absence. Students who take a leave of absence will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will not be included in the student’s cumulative attendance percentage calculation (Attendance Rate). Students need to fill out a Leave of Absence Request Form to officially seek the approval of the school. Students may also elect to write an informal letter regarding their planned leave of absence that will be put together with the ‘Leave of Absence’ form to support their request.

2 SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

A. **Satisfactory Academic Progress** All students enrolled in any course regardless of the attendance schedule must maintain satisfactory progress according to the requirements set forth in this policy.

B. **Attendance Progress Evaluation** An attendance progress evaluation is concurrently done when the student is evaluated academically.

The evaluation periods are based on actual hours.

Barber students will be evaluated when their actual hours reach: 300, 600, and 900 hours.

Cosmetology students will be evaluated when their actual hours reach: 300, 600, and 900 hours

Attendance progress evaluations are based on the cumulative attendance percentage as of the last day of the week of the academic progress evaluation period. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. For partial months, scheduled hours will be calculated by multiplying the number of class days scheduled times eight hours in each day.

Students must accrue a minimum of 70% of the scheduled hours to be considered maintaining satisfactory progress. At the end of each evaluation period, the school will determine if the student has maintained at least 70% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

The maximum time allowed for students to complete each course at satisfactory progress is stated below:

Program	Length	Minimum Time Frame	Maximum Time
Barber	1000 Hours	30 Weeks PT	60 Wks. FT
Cosmetology	1000 hours	30 Weeks PT	60 Wks. FT

The maximum time allowed for transfer students needing less than full course requirements will be determined based on 150% of the scheduled hours (which is 1.50 times the course length).

C. **Academic Progress Evaluation**

To determine academic progress, students are evaluated based on theory grade average and the quality of the practical skills experiences. Students are assigned theory study and a required number of practical experiences for course completion.

Theory is evaluated by written exams administered after each unit of study. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated satisfactory or better. Practical skills are evaluated according to published criteria and performance standards established by the state licensing agency. Students must maintain a theory grade average of **70%**. Numerical grades are considered according to the following scale.

WRITTEN AND PRACTICAL:	93 - 100	EXCELLENT
	85 - 92	VERY GOOD
	70 - 84	SATISFACTORY
	69 and below	BELOW STANDARDS - UNSATISFACTORY

D. Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress (SAP) until the next scheduled evaluation. In order for a student to be considered making SAP as of course midpoint, the student must meet both attendance and academic requirements on at least one evaluation by the midpoint of the course, or the midpoint of the academic year, whichever comes first. Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours. Students will acknowledge and sign receiving a copy of their SAP results after their evaluation has been printed. The weekly progress reports the student receives every week reflects the number of hours before their next evaluation is going to be conducted.

E. Warning, Probation and Re-establishment

Students failing to meet minimum progress requirements will be given a **Warning** on that evaluation period. The student must show improvement by meeting the SAP by their next evaluation. The student will be counseled on actions required to attain SAP, which will be properly documented.

Probation is given to a student once the institution evaluates the student's progress and determines that the student did not make SAP during the warning period; and the student appeals the negative progress determination at the beginning of the probationary period; and the institution determines that SAP standards can be met by the end of the subsequent evaluation period. The probationary period begins at the time the student failed to meet SAP until their next evaluation.

Re-establishment:

Students may re-establish SAP by meeting the minimum attendance rate of 70% and pass all academic requirements upon the next evaluation. If the student is meeting minimum requirements, he/she will be determined as making SAP. If a student fails to meet requirements at the end of the probationary period, the student will be determined as not making SAP and may be terminated.

F. Leaves of Absence and Re-entry

If enrollment is temporarily interrupted for a Leave of Absence, a Leave of Absence will extend the student's contract and maximum time frame by the same number of days taken in the leave of Absence. The student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course of study and wish to re-enter will return at the same progress before the date of interruption.

G. Appeal Procedures

If a student is determined not making SAP during the probationary period, the student must appeal the negative determination at the beginning of the probationary period by presenting a valid reason to school. The reasons for which a student may appeal include death of a relative, an injury or illness of the student, or other allowable special circumstance. The student must submit a written appeal notice to the school administration on the designated form with supporting documentation of reasons why the determination should be reversed. Appeal documents will be reviewed, a decision made within 30 days and reported to the student. If the student prevails upon appeal, the student will then be placed on probation and federal financial aid, if applicable, will be re-instated. There is no second appeal. Supporting documentations must be submitted regarding why the student failed to make SAP and what has changed in the student's situation that will allow the achievement of SAP at the next evaluation. Results of the appeal will also be documented in the student's files.

H. Course Incompletes, Repetitions and Noncredit Remedial Courses

Course incompletes, repetitions and noncredit remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory progress standards.

CAMPUS SECURITY

It is suggested to students and staff to report security concerns which may affect the school population. Awareness of criminal activity within the surrounding vicinity of the school and reporting to the management about any possible hazards could help deter unpleasant incidents. The school as a precaution will inform students and staff if such activities which could pose as a security concern. Timely reporting of incidents to school officials or police is crucial. In the event that an incident – a crime, drug activity, or security concern in the school and its vicinity is reported concerning a student or school employee as being responsible, the Director (after reviewing the incident report) could cite this as cause for dismissal. **Master Academy's** Drug Policy clearly defines the disciplinary actions taken for students and school employees alike. These incidences will be logged in the ***Campus Security Report**.

SECURITY REPORTING

Car thefts, larceny, burglaries, sex offenses, robberies, assaults, vandalism, hate crimes and similar offenses that occurred within the school premises will also be documented in the Campus Security Report aside from being reported to Long Beach Police. Hate crimes that manifest evidence that the victim was selected intentionally because of the perpetrator's bias include a simple assault, larceny, intimidation, destruction/damage of property. The incident report will be helpful for both school officials and authorities. The Campus Security Report is prepared by the school official in charge at the time of the incident.

Master Academy is a drug-free workplace. Alcohol and drug use, sale, possession, underage drinking within the school premises by students or school officials will be dealt with accordingly. A student or school employee who comes to school intoxicated or under the influence of a controlled substance will be sent home and suspended to come to school until further advised. An incident report will be logged in the student's file and Campus Security Report. The student's enrollment may be terminated at the election of the school Director.

Master Academy will not tolerate students observed or reported participating or responsible for the aforementioned activities. Disciplinary action at the discretion of the school Director could be as severe as dismissal/expulsion.

Should you need to report a crime on campus please contact the Long Beach Police Department for non-emergency and 911 for any emergency situation. You may also contact school Director, Omar Monzon or Associate Director, Laura Tarango. If you prefer to report confidentially to any school official regarding a hate crime, sexual harassment, or a violent outburst by a student or school employee that you witnessed or became a victim of, you could maintain anonymity pending an investigation by the school Director. You could report either by personally speaking to any school official or by writing a letter about your grievance to the school Director.

**Campus Security Report Log is kept at the Administrative Office and can be reviewed by students, for more information see Office Manager.*

3 DRUG POLICY

Your enrollment in our school puts you in the direction of success; however, taking drugs could lead to disappointment and failure. Drug and alcohol abuse could be expensive, its effects - always negative.

Master Academy is aware that illicit drug and alcohol abuse are foremost social problems that affect the health, safety, and security of the public. In recognition of the problems associated with drug and alcohol abuse in society today, **Master Academy** is providing all students and employees the possible consequences with the following information:

The Court could sentence offenders:

LOCAL: Penalties vary based on the severity of the offense and the number of offenses. Sanctions for possession of an illegal substance for the first time range from fines of \$1,000,000 to \$5,000,000 and up to 40 years imprisonment. For future offenses and/or larger quantities of illegal substances penalties include fines ranging up to lifetime imprisonment.

STATE: Penalties vary based on the nature of the illegal substance, the offense and whether there is a repeat offense. First offenders may receive up to 20 years while repeat offenders could receive life imprisonment. A schedule of fines up to \$20 million also is in place.

FEDERAL: Penalties for unlawful manufacturing, distribution and dispensing of controlled substances are provided under the Federal Controlled Substances Act. The penalties are determined by the nature of the drug or other substances, the number of drugs or other substance involved, and the number of offenses.

There are various health risks associated with the use of the illicit drugs and the abuse of alcohol. Some of the more common problems are cited below:

COCAINE - Use can affect the brain in seconds and result in heart or respiratory failure.

Master Academy prohibits the possession, sale or use of alcoholic beverage/illegal drugs on school property or in connection with any school activity. This prohibition applies to all students and all employees. Drug and/or alcohol dependency is an illness that has an effect on a person's well-being. School employees and students alike who need assistance in dealing with drug/alcohol abuse are required to go into a drug prevention or treatment program.

Master Academy's policy is aimed to help individuals with drug/alcohol abuse or dependency problems. This policy applies for all school employees and students of Master Academy, while in the premises.

Master Academy's defining course of action implementing this policy is:

- a. If alcohol or drugs are observed and discovered, **Master Academy** school official will personally counsel and warn you about its consequences to your enrollment or to the financial aid that you can receive if you are the recipient of one.
- b. If you come to school intoxicated or under the influence of a controlled substance, you will be sent home and suspended to come to school until further advised.
- c. If substance dependency or abuse is established to be a problem, you are required at your own expense to go into a drug/alcohol prevention program which can include attending Alcoholics/Narcotics Anonymous meetings held at your locality. You can continue attending/working in school while undertaking the program for as long as you do not violate this policy. A weekly report of your program progress is also required.
- d. The possession, sale or use of drugs/alcohol in or on school premises will result in immediate termination.
- a. Failure to comply or any violation in the aforementioned regulations will result to immediate expulsion.

SEX OFFENSE POLICY

Master Academy is committed to provide learning and working environment that is free from implicit and explicit sexual behavior. Documentation in the Campus Security includes reporting any form of sexual offenses and/or sexual behavior that influences, controls or may affect the welfare of another individual. Intimidation or discrimination (bullying and coercion) which includes exhibiting a sexually suggestive behavior will not be tolerated and could be grounds for disciplinary action or termination. No member of **Master Academy** Staff, faculty, and students may harass another individual. Sexual harassment is also a violation of Federal and State law.

Different forms of Sexual Offenses – Listed below are examples of the types of sexual offenses that can occur in the school. This list does not cover all types of sexual offense behaviors. Inappropriate jokes or statements that create a hostile environment because they are persistent, unwelcome flirtations, and touching (with the suggestive sexual activity) can also be considered a sexual offense.

- Harassment by Gender
- Threat Coercion
- Sexual Solicitation with promise of reward
- Seductive Behavior
- Sexual Assault

Since it is difficult to exactly define what might create a hostile environment because individuals have different perceptions regarding sexual behavior. One person may perceive an intimidating and unwelcome behavior that another person may perceive as harmless fun. The determination whether a conduct should be considered sexual must be evaluated with care. A student can file a complaint in detail by writing using the Campus Security Log form (available at the Administration office) and the school will review the statement. Verbally sharing the incident with the school staff does not constitute a complaint. The school can initiate a discussion with the victim and accuser to determine if a resolution can be achieved. Both parties will be provided a copy of the written statement. Depending on the severity of the incident, the victim could directly report the matter to the authorities (Long Beach Police Department).

Resources are available at the Anaheim County Family Justice Center located at:

8 EMERGENCY NOTIFICATION AND EVACUATION PLAN

Master Academy is required by the U.S. Department of Education to have an Emergency Evacuation Plan that is documented, employees and students are to be notified about this procedure, a drill to practice the procedure conducted every year.

In the event that a confirmed significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees is occurring in the school premises, a verbal notification will be announced by **Master Academy** Staff/Instructor to all students. Students and **Master Academy** Staff that are not in the school at the time the emergency is occurring or has occurred will be notified by phone. The content of the notification will be all the relevant information regarding the emergency. The emergency will be logged and documented.

For everyone's safety **Master Academy** has posted a diagram indicating the emergency exits in case of fire, earthquake, flood or other emergencies that the school occupants should know. The postings are located right outside the classroom, in the restroom, and in the break room. If you wish to get a copy of this diagram, you can request for one from any of the staff. Exit signs are clearly marked on the three exits. Even in the event of a power outage, these exit signs will remain lit or will be reflective to indicate doorway and path of exit. Students are informed about the school's emergency evacuation and where to assemble after exiting the school. The meeting or assembly area has been designated as the parking lot of the school. Individuals who exited through the front will need to go to the parking area where everyone is supposed to meet. Every individual that was in the school should be accounted for; a school official will perform a headcount. Students need to know that after exiting, they should not come back in even if there is a person missing, unless it has been declared safe to go back in.

9 **PEER-TO-PEER FILE SHARING AND COPYRIGHT POLICY**

- 10 **Master Academy** does not allow the unauthorized use of copyrighted material. Peer-to-peer (P2P) file
11 sharing programs are not permitted on premises for users of **Master Academy's** computer network. A peer
12 to-peer file sharing program is any computer application that alters a personal computer into a storage server
13 that can distribute data to other computers simultaneously. Copyrighted materials cannot be shared by any.
14 means, including network file shares, the internet, illegal upload/download, and is not limited to just peer-
15 to-peer programs. Copyright infringement, according to the U.S. Copyright Office, is when "a copyrighted.
16 work is reproduced, performed, publicly displayed, or made without the permission of the copyright owner."
17 This pertains to a portion or all of a copyright work. Unauthorized peer-to-peer file sharing and unauthorized
18 distribution of any copyrighted material may be subject to civil and criminal liabilities.

The U.S. Copyright Office provides a summary of the penalties for violation of Federal copyright laws (<http://www.copyright.gov/help/faq/>) cited below: *Uploading or downloading works protected by copyright without the authority of the copyright owner is an infringement of the copyright owner's exclusive rights of reproduction and/or distribution. Anyone found to have infringed a copyrighted work may be liable for statutory damages up to \$30,000 for each work infringed and, if willful infringement is proven by the copyright owner, that amount may be increased up to \$150,000 for each work infringed. In addition, an infringer of a work may also be liable for the attorney's fees incurred by the copyright owner to enforce his or her rights.*

Whether or not a particular work is being made available under the authority of the copyright owner is a question of fact. But since any original work of authorship fixed in a tangible medium (including a computer file) is protected by federal copyright law upon creation, in the absence of clear information to the contrary, most works may be assumed to be protected by federal copyright law.

Since the files distributed over peer-to-peer networks are primarily copyrighted works, there is a risk of liability for downloading material from these networks. To avoid these risks, there are currently many "authorized" services on

the Internet that allow consumers to purchase copyrighted works online, whether music, eBooks, or motion pictures. By purchasing works through authorized services, consumers can avoid the risks of infringement liability and can limit their exposure to other potential risks, e.g., viruses, unexpected material, or spyware.

See Frequently Asked Questions about 'Copyright' online at the U.S. Copyright Office page at www.copyright.gov/help/faq/.

Master Academy will terminate any student conducting unauthorized peer-to-peer file sharing or copyright infringement violations using the school's network system. Whichever amount of tuition due to Master Academy will be payable on demand.

19 STUDENTS RIGHTS AND PRIVACY POLICY – FERPA

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal Law designed to protect the privacy of a student's educational records. The law applies to all schools that receive funds under an applicable program from the U.S. Department of Education. **Master Academy** follows the FERPA guidelines.

1. Each student has the right to gain access to her/his cumulative record by appointment under the supervision of an authorized staff member.
2. Any information pertaining to a student's cumulative record will be released to a third party only upon written instruction for each request.
3. All of the above rights apply to the parent/guardian if the student is a minor.
4. School employees, schools to which a student is transferring, certain government officials, parties connected to financial aid, organizations doing studies for a school, accrediting agency, individuals with a court order or subpoena, persons who need to know for health or safety emergencies and state and local authorities to whom disclosure is required.

FERPA gives certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends beyond the high school level. Students to whom the rights have transferred are "eligible students." Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct record which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have a written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest.
- Other schools to which a student is transferring.
- Specified officials for audit or evaluation purposes.
- Appropriate parties in connection with financial aid to a student.
- Organizations conducting certain studies for or on behalf of the school.
- Accrediting organizations.
- To comply with a judicial order or lawfully issued subpoena.
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile system, pursuant to specific State law.

Schools may also disclose, without consent, "directory information" such as student's name, address and phone number of student, date and place of birth, honors and awards and dates of attendance. However, the school must tell parents and students of the information that is designated as directory information and provide a reasonable amount of time to allow the parent of eligible student to request that the school not disclose that information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Master Academy,

GENERAL RULES AND REGULATIONS

1. The school is open from Monday- thursday 9:00A.M.-2:00 P.M. Monday-Thursday 4:30 pm-9:30pm Breaks: 15 minutes in the morning and 15 minutes in the afternoon no later than 7 P.M. Lunch breaks are scheduled for 30 minutes. Students taking their half hour breaks must punch out before taking their break and must punch in after their break otherwise if it is not specified in their timecard, a 30-minute break from their clock hour will be automatically deducted. Students who require a longer lunch break (31 minutes or longer) must obtain prior approval from the School Director or Instructor.
2. If a student is unable to attend school, students are required to notify the school by telephone between the hours of 7:30 A.M. - 8:30 A.M. & afternoon students must notify the school between the hours of 4:00 noon and 5:00 p.m. The telephone number to call 323-641-1328
3. Tardy policy will be noted as arriving after 9:07 a.m. Or 4:37 p.m. for class. Students will not be allowed into class after that time unless they have a Medical or Legal excused.
4. In order for each student to perform all the operations required by the State Board of Barbering and Cosmetology within the contracted hours, students must attend school daily. Students, who miss school days or who are late and miss morning theory, must realize that missing classes means missing scheduled curriculum in theory and means getting behind in operations. The more absences a student incurs, the lower their **Attendance Percentage Rate** will get. (Attendance Rate is discussed further together with Satisfactory Progress Policy).
5. **Three unexcused absences** (not notifying the school) in any month will be cause for suspension or termination from the school. Upon return from an unexcused tardy or absence, immediate disciplinary action will be taken. ALL ABOVE PENALTIES MAY BE WAIVED, IF THE STUDENT BRINGS IN A DOCTOR'S CERTIFICATE DUE TO ILLNESS WHILE ABSENT, OR THE STUDENT WAS EXCUSED IN ADVANCE BY THE SCHOOL. **Fourteen (14) days of consecutive absences without school notification will be termination from the school program immediately.**
 1. **Grading & Satisfactory Progress** - Students must maintain a 70% grade point average and 67% Attendance Percentage at all times while in the program. Academic grade is based on Written Exams and Practical Evaluations; this comprises your grade point average. Students are considered **Maintaining Satisfactory Progress** if they are meeting the *Academic and Attendance Rate* percentages. Students who fall below GPA average and 67% attendance will get a student evaluation conference initiated by the Associate School Director or designated official. A Student may be put on probation if they do not meet the Satisfactory Progress. It is very important that a student maintain Satisfactory Progress as this could greatly affect their Scholarship (if applicable) or their school enrollment altogether. Every evaluation period a student is graded, a Satisfactory Progress Report will be given to a student that would detail their Practical grade, Written exams taken with the corresponding grades and course completion progress. This report will also indicate if a student is Maintaining Satisfactory Progress and if a student is on Warning or Probation.
 2. Students from 200-850 hours must be ready to do client services and procedures or can be sent home.
 3. School uniform must be worn at all times by student while clocked in.
6. Students that get caught cheating in their test/evaluations/exams will get the test revoked and will be sent home for the rest of the day, if student has already left for the day they will get suspended the following school day, if student gets caught cheating for the 2nd (second) time they will be suspended 3 school days, if student gets caught cheating 3 times they will be expelled from the school.

Theory grade is evaluated after each unit of study or topic. Theory tests and assignments are evaluated when completed and graded toward course completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedures and performance standards established by the State Board of Barbering and Cosmetology. Students must maintain a theory grade average of 70% and pass a final written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

WRITTEN AND PRACTICAL:	93-100	EXCELLENT
	85-92	VERY GOOD
	70-84	SATISFACTORY
	69 and below	BELLOW STANDARDS - UNSATISFACTORY

Each student is evaluated periodically on theory and practical/skill development. Written examinations are given on each subject within the course curriculum. Examinations are graded on a percentile basis. Examinations that fall under 70% are allowed to be re-taken at a maximum of two (2). The average scores of examinations taken will be the final score. Formal practical evaluations for Barbers are conducted at the 300-, 600-, and 900-hour periods. These practical evaluations are based on criteria that are converted to a percentile. The work done on the clinic floor is not given a formal grade; rather it is marked as having been completed. It is not weighted into the overall GPA.

7. **Personal Service / Daily Operations / Clean-up.** Students are allowed to have personal service done only on Thursday. Special occasions will be on a case-by-case basis and must be approved by the instructor prior to service. Friends and relatives are considered paying customers. Freshmen can bring their own clients for free service (*Thursday & Friday as long as they have done 5 operations on client or doll head and 1 workbook done*) except if a school product or electricity (i.e., *Thermal and Hair color*) is used. The fee will be in the discretion of the Floor Instructor. Freshman students can practice/perform service to non-paying clients only IF they have been trained on that subject/operation. All students are required to do at least five (5) operations and one (1) theory workbook or practical workbook done each day in school. Students are expected to clean up their station after each service. Credit will only be applied upon completion of service, which includes clean up. Students must follow their **Daily Sanitation Checklist**. Eating or drinking any beverage on the floor while performing service is not allowed, clients should be discouraged to do so just the same.
Students can perform service on the floor on a paying client after achieving 10% of their program course clock hour requirement (i.e., BARBER 1000 hours = 150 hours). Freshman Students can practice/perform service.
8. Cursing, badmouthing, or expressing vulgar/defamatory words in the school are not allowed. Students will be sent home, suspended, or terminated depending upon the severity and frequency of incidents occurred. No loud or offending music and no earphones while performing a service on a client. No cell phone use permitted on the floor while performing service or while practicing an operation. Cell phones must be in silent mode or vibrate mode. If necessary, calls can be received at the break room or outside the parking area for a five (5) minute period if classes are ongoing. No personal calls are allowed going through the school business line unless for emergency only. Messages for students can be taken and advised of the call.
9. **Saturday attendance.** (No Saturday classes at this time)
10. **Students are not allowed to refuse clients/customers.** Unless it is a serious health risk (the school will not put a student in health and safety hazard) to the student, all clients that the school deems to be a client must be serviced by an assigned student. Only the school reserves the right to refuse service to a client. **STUDENTS NOT PERFORMING OR REFUSING TO PERFORM ANY CLASSROOM AND/OR FLOOR ACTIVITIES OR FOLLOW THE AFOREMENTIONED RULES MUST PUNCH OUT IMMEDIATELY.**

Rules and Procedures on Student Clock Hours:

- A. Each student begins the program in the freshman curriculum, which includes, lecture, demonstration, and practical training for a period of not less than 10% of total clock hours (i.e., Barbey- 1500 hours x 10%= 150 clock hours minimum, as a Freshman student) and may increase to 300 hours depending on student's skill. The school will maintain freshman weekly worksheets, which the instructor records and evaluates prior to senior curriculum. Practical operations during freshman period are credited as Practical Operation credit. Students will work on clients or mannequin for practical operation upon completion of clock hours required and freshman evaluation.
- A. Upon completion of freshman hours, students begin working at the clinic floor to practice and complete practical operations training. Students will have theory class and then practical training hours right after. Theory classes, after the freshman period, will be recorded daily for each theory subject taken to identify student's completion on the subject.
- B. Computer printout for each student will be printed every two weeks. Each individual student printout will identify theory hours completed in each subject according to the Bureau of Barbering and Cosmetology Rules and Regulations. Practical operation requirements are also listed in the computer printout and student's credited operations will be reflected and identified.
- C. The following procedures are taken by each student working on the practical/clinic floor:
 - a. Each student will record all the practical operations completed that day. It is the student's responsibility to ensure that he/she has punched upon arriving to school and punching out before leaving the school. Students are required to have the floor instructor check, initial, and verify the operation, prior to and upon completion of each practical operation. The practical operations will then be recorded to the weekly worksheet onto the computer and filed into each individual student school record envelope.

- b. The computer printout of each student will reflect and identify the number of practical operations completed and the required practical operations by the Board. Students need to examine carefully the information entered into the computer printout and notify the Office Manager or Instructor for any discrepancies or concerns. The practical operations recorded and filed in each student envelope will help identify and clarify mistakes or concerns in the weekly computer printout.
- c. Student attendance policies are applied uniformly and fairly. **Master Academy** measures student attendance by clock hours. **Master Academy** will.
 - give appropriate attendance/clock hours credit for all hours attended.
 - not add or deduct attendance hours as a credit or penalty, and
 - round actual attendance hours to no more than the nearest quarter hour.
- E. Students that fail to meet their scheduled hours for any given week will be charged a rate of \$10.00 (Barber Course) for every hour not met. Hours are calculated at the end of each month; students are responsible to make the payments or make arrangements with Ms. Laura Tarango or Mr. Omar Monzon. Students will have the option to do make-up work by attending a make-up class to be scheduled by Ms. Laura or Mr. Omar. Absences will only be excused by Ms. Laura or Mr. Omar. Excused absences will not be charged. Students who do not clock out at the end of the day will only receive a maximum of 4 (four) hours for the day.

Over-Contract fees:

For a student who does not complete the course by the contract end date, the following hourly charges apply until the course is completed:

Barber Course:	\$10.00 per hour
Cosmetology Course:	\$10.00 per hour

CIP

The Classification of Instructional Programs (CIP) is a taxonomic coding scheme for postsecondary instructional programs/fields of study that facilitates the organization, collection, and reporting of program data. The CIP was developed by the U.S. Department of Education's National Center for Education Statistics (NCES) and is the accepted federal government statistical standard on instructional program classifications and is used in a variety of education information surveys and databases.
